September 2014

## MEMBERS Products “Financial Advisor of the Month” –

### Thad Guyton

I am honored to be recognized as the MEMBERS Insurance & Investments Financial Advisor of the Month of September. I have always focused on the goals and needs of my members and their families. Being there to help them make the largest financial decisions of their lives takes knowledge and confidence in the plans and products that I propose. MEMBERS Products has been a big reason for that knowledge and confidence in my sales.

Although I don't have an office next door to Josh Taylor and Karen Kuhlmann, I work closely with them daily. They truly understand the credit union marketplace and philosophy. When I first moved to Atlanta and started with Georgia's Own Credit Union 11 years ago, I must have called the sales desk a dozen times a day. I'm pretty sure I was "THAT Guy" from the south calling again, but there was always a friendly voice on the other end of the line, and an answer to my questions. It continues to be a pleasure working with such a great team that I consider not only co-workers but also friends. I give many thanks to everyone on the MEMBERS Insurance & Investments team. Thank you!
